PROFILE

I am Qazi Ahmed Ali Khan, a 20-year-old student currently enrolled at Bahria University Karachi Campus. I am a motivated individual with a strong focus on learning and personal growth. I thrive on challenges and aim to contribute effectively in every opportunity I pursue. My dedication and passion drive me to achieve excellence in academics and beyond

WORK EXPERIENCE

- TechXera Python Programming Intern** 2024 - 2024
I successfully completed a 1-month remote internship in Python programming at TechXera, where I worked on a variety of development tasks that strengthened my coding skills. This experience provided me with practical knowledge of Python and enhanced my ability to work efficiently in remote working environments.
- Self Training Front End Web Developer** 2023 - 2025
Developed and improved the frontend UI for a dashboard application JavaScript, and website using HTML, CSS, and following agile development practices.
- Ecommerce Shopify Developer** 2022 - 2025
I have opened and managed 3 Shopify stores, gaining hands-on experience in store setup, product management, and order handling. Completed 3 Shopify courses to strengthen my knowledge of e-commerce and store optimization. This journey helped me deeply understand how online businesses work and grow through Shopify.

PROJECTS

- Python Student Portal Project**
 - Built an app for engineering students to access study materials, updates, and notifications.
 - Technologies: MySQL, Python (OOPs), Python (GUI).
- Hospital Management System**
 - Developed a system to assist receptionists in managing patients and calculating total bills.
 - Technologies: C# programming, Visual Studio, Console Application.
- Quiz Management System**
 - Created a system for students to take university admission tests and access their results.
 - Technologies: Python (GUI), Java (GUI), MySQL.
- Tick Time Ecommerce Website**
 - Designed a website for selling watches with integrated payment processing.
 - Technologies: CSS, HTML, JavaScript.
- Men's Fashion Store**
 - Developed a Shopify store for men's fashion, including SEO marketing.
 - Tools: DSERS, Plug in SEO, Pinterest Marketing.

Qazi Ahmed Ali

Student

Dear HR Manager

I am Qazi Ahmed Ali Khan, a passionate and dedicated Software Engineering student at Bahria University Karachi Campus. With a strong foundation in web development, Python programming, and AI technologies, I am eager to leverage my skills in a dynamic and innovative environment.

My experience includes a remote internship at TechXera, where I worked on real-world Python development projects, as well as independent training in frontend web development using HTML, CSS, JavaScript, Next.js, and Bootstrap. I have also managed and launched three Shopify stores, through which I gained practical expertise in store setup, product management, order handling, and customer engagement. To enhance this knowledge, I completed three specialized Shopify courses, allowing me to better understand the e-commerce ecosystem and platform optimization.

In addition, I have hands-on experience in SEO marketing, social media strategies, and project management, all of which I applied while developing an e-commerce platform. I thrive in collaborative settings and am committed to continuous learning. My problem-solving abilities, adaptability, and technical expertise make me a strong candidate for any role that values innovation and dedication.

I am excited about opportunities that allow me to apply my knowledge while contributing to the success of an organization. I would welcome the opportunity to discuss how my skills and experiences align with your company's needs. Please find my resume attached for further details. I look forward to your response and the possibility of contributing to your team. Thank you for your time and consideration.

Best Regards.
